SOFTWARE DEVELOPER

TECHNICAL SKILLS

- Programming Languages: Javascript, C++, Python
- Web Development: React, Next.js, HTML, CSS3, Tailwind, Auth.js, Express.js
- Databases and ORMs: Prisma, Planet Scale, MongoDB
- Tools and Platforms: Git, GitHub, VS Code, Firebase, Vercel

PROJECTS

***Featured Project* Dayflow** - <https://dayflow-app.vercel.app/>

Code - <https://github.com/Sah3j/dayflow-app>

Stack – React, Next.js, Auth.js, Prisma, Planet Scale, Tailwind, Vercel

- Familiarity with Next.js framework and it's various features, server-side components, dynamic routes, data fetching.
- Implemented authentication and authorization using Auth.js with various providers.
- Set up database on Planet Scale. Displayed familiarity with SQL queries in Planet Scale web console.
- Proficiency with Prisma connecting front-end to the database.
- Styled the application using Tailwind CSS and Deployed on Vercel.

Taskwave - <https://unrivaled-starburst-959d4f.netlify.app/>

Code - <https://github.com/Sah3j/taskwave>

Stack – React, CSS, MongoDB, Node.js, Express.js, Heroku, Netlify

- Showcased proficiency in the JavaScript framework React.js implementing the front-end.
- Implemented back-end using Node.js and Express.js, displaying a strong understanding of RESTful API architecture and design.
- Used MongoDB as a database management system, integrated and utilized third-party packages such as Mongoose.
- Proficiency in implementing CRUD (Create, READ, Update, Delete) operations with MongoDB database.
- Familiarity with deployment of front-end and back-end on platforms like Heroku and Netlify.

EDUCATION

Vancouver Island University - Nanaimo, BC

Bachelor of Science – Computer Science, December 2022

WORK EXPERIENCE

Staples Canada - Surrey, BC

June 2023 – PRESENT

Services Supervisor

- Collaborated with fellow store leaders to establish and achieve sales goals and targets.
- Facilitated regular team communication to reinforce the link between store financial success and bonus programs.
- Engaged with customers, fostering strong relationships, and effectively selling solutions and add-on sales.
- Coordinated with other store leaders to optimize service execution, enhancing overall productivity.
- Successfully executed and communicated promotional initiatives, ensuring a comprehensive understanding of flyer and promotional items.

Staples Canada - Surrey, BC

September 2018 – June 2023

Technology Sales

- Successfully identified and converted sales opportunities by establishing strong connections with customers and understanding their needs.
- Provided technical support to customers by troubleshooting and resolving issues with their computers and printers, as well as setting up new devices, which helped improve customer satisfaction and loyalty.
- Maintained company merchandising standards to ensure a visually appealing and organized store environment.
- Proactively identified opportunities for improvement and effectively communicated suggestions to management, contributing to store's overall success and growth.
